

MN. Fathima Hasmath Nifa

BICT(Hons) in Software Technologies

+94 71 738 6062 | nifanilar@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFILE

As a final-year BICT (Hons) Software Technologies student at South Eastern University of Sri Lanka, I have built a strong foundation in software development, mobile application development, web technologies, cloud computing, databases, and IoT systems. Through academic and personal projects, I have gained practical experience in developing mobile and web applications, cloud-based solutions, IoT systems, and machine learning applications that address real-world challenges. I am eager to secure an internship where I can apply my technical skills, contribute to innovative software projects, and continue growing as a software engineering professional in a collaborative environment.

EDUCATION

BICT(Hons) in Software Technologies
South Eastern University of Sri Lanka

2021 - Present

CERTIFICATIONS

- Programming Essentials in C (Cisco)
- CCNA: Introduction to Networks (Cisco)
- CCNA: Switching, Routing, and Wireless Essential (Cisco)
- AWS Academy Graduate - AWS Academy Cloud Foundations (AWS)
- AWS Academy Graduate - Generative AI Foundations (AWS)
- Machine Learning I (Columbia+)
- AWS Academy Graduate - Cloud Web Application Builder (AWS)
- Foundations of Prompt Engineering (AWS)
- Fundamentals of Cloud Application Development (Microsoft)
- Deep Learning (Simplilearn)
- Data Analytics with AI (Sololearn)

RESEARCH

TamiRead: A Gamified Adaptive Tamil Reading App for Slow Learners in Sri Lanka (Ongoing)

PROJECTS

GPA Calculator App [Android Studio] [SQLite] [Java]

- Developed an Android application to calculate GPA and CGPA.
- Used SQLite for storing academic records and user information.

Cargo Monitoring System [Flutter] [ESP32] [Supabase] [IoT]

- Developed an IoT system to monitor temperature, humidity, light, motion, and tilt in real time.
- Built a Flutter mobile app to display live sensor data and store information using Supabase.

Travel App [Flutter] [Supabase] [Dart]

- Developed a travel planning mobile application with user login and trip management.
- Designed a responsive interface for searching destinations and organizing itineraries.

FlashCard Quiz App [Flutter] [SQLite] [Dart]

- Built a Flutter flashcard application with category management and progress tracking.
- Implemented local data storage using SQLite.

Expense Tracker [Node.js] [Express.js] [Azure] [Azure SQL]

- Developed a cloud-based web application to manage expenses and budgets.
- Integrated Azure SQL Database, Azure Blob Storage, and Azure App Service for data storage and deployment.

To-do List Web Application [Laravel] [PHP] [MySQL]

- Developed a Laravel-based task management web application with complete CRUD functionality.
- Implemented task creation, editing, status updates, and deletion with a responsive interface.

EcoCycle - Sustainable Marketplace App Prototype [Figma] [UI/UX Design]

- Designed a mobile application prototype for a sustainable marketplace that supports selling, donating, and swapping products.
- Developed interactive UI screens and user flows using Figma.

TECHNICAL EXPERIENCES

- Developed mobile applications using Flutter and Android Studio (Java).
- Built web applications using Laravel, React, Node.js, HTML, CSS, and JavaScript.
- Worked with Microsoft Azure and AWS for cloud-based application development.
- Developed IoT systems using ESP32, Arduino, and cloud integration.
- Designed UI/UX prototypes using Figma, Adobe XD, and Marvel.
- Worked with MySQL, MongoDB, SQLite, and Supabase databases.
- Used Git and GitHub for version control and collaborative development.

TECHNICAL SKILLS

Programming Languages

- Java, Python, C, C++, JavaScript, PHP

Mobile Development

- Android Studio (Java), Flutter (Dart)

Databases

- MySQL, MongoDB, SQLite, Supabase

IoT & Embedded Systems

- ESP32, Arduino, Wokwi, Tinkercad, Blynk

Web Development

- HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React, Laravel, FastAPI

Cloud & DevOps

- Microsoft Azure, AWS

Design & Tools

- Figma, Adobe XD, Marvel, Adobe Photoshop, Adobe Illustrator, VS Code, Arduino IDE, Eclipse

Operating Systems & Servers

- Windows, Ubuntu Linux, Windows Server, Ubuntu Server, XAMPP

LANGUAGES

Tamil

English

Sinhala
